Testimonial Due for Draft Boards

Plans for a testimonial dinner on the evening of Jan. 21 to members of Arlington's two Draft Boards and to those associated with them in the Selective Service System were mapped out Wednesday evening at a meeting of a special committee appointed by the Selectmen.

Representative Hallam T. Ring presided. Other members of the committee include representatives of Arlington organizations, Donald Nickerson and Arthur Kimball of the Rotary Club; Herbert O. Alderson and Gov. Desmond of the Lions Club; Mrs. Harry E. Baker of the Zonta Club; Walter C. Gutzmann of the Chamber of Commerce; Mrs. Norman J. Griffin and Mrs. Arthur J. Mansfield of the Arlington Woman's Club; William McKeever of the American Legion; Clarence H. Marsh of the Veterans of Foreign Wars; Howard W. Ford of the Disabled American Veterans; Henry Ottoson and Louis Doctoroff of the Kiwanis Club.

The dinner, to be held in the Robbins Town Hall, will be planned to conform with the scheduled address of Governor Tobin over a Statewide hookup at 9 p. m., after which the chairman of the Board of Selectmen will award to Selective Service officials the Selective Service Medal and Certificate of Merit provided by the United States Congress. The award will be made to citizens who have served without compensation for two or more years "for their patriotic service to the Town, the State and the Nation."

Governor Tobin in a recent proclamation designated Jan. 21, 1946 as the day on which these men "who have given so much to their Nation" will be honored. The Board of Selectmen advised the testimonial committee.

Further meetings will be held to complete arrangements.

More Snow, Ice Hamper Traffic

Arlington this week had recovered from its fifth storm within a month, the third in which snow had fallen, bringing a total of 29 inches. Heavy wet snow fell throughout the day Saturday but town plows did a fast job clearing streets to make them passable for churchgoers the following day.

Melting snow, however, turned streets into a sea of slush on Sunday and Monday. Freezing, later that day, added to the driving hazard as newly-plowed streets became covered with ice.

Sand trucks were kept busy Tuesday, making hills, especially, safe for motorists and pedestrians. (Continued on Page Two)

Town Meeting Votes New Law

Veterans' Rooms Opened by V. F. W.

The new World War II veterans' lounge room, sponsored by Arlington post 1775, Veterans of Foreign Wars, have been opened at 13a Medford st., in the Regent Theatre building. The rooms are open all day and evening until 11 p. m., so that returned veterans may drop in at any time to meet their buddies. Information of interest to war veterans is available at the rooms. More furniture is needed to furnish these two rooms completely and those wishing to contribute any usable furniture, etc., is asked to call Francis O'Hara at ARL 0767-M or Vincent Carey at ARL 1623-M. The furniture will be called for.

After lengthy discussion, the special Town Meeting Wednesday night amended the town by-laws whereby the parking of automobiles in such a way that they interfere with the plowing of snow will be prohibited. The vote further authorized the Superintendent of Streets to remove any vehicle interfering with snow plowing. The meeting was a session postponed from Thursday of last week when lack of a quorum made it impossible to transact business. The by-law amendment which may prove to be far-reaching, was enacted under Article 3 of the special Town Meeting warrant. First speaker was John A. Murphy who asked why the by-law change was requested. J. Howard Hayes, chairman of the Finance (Continued on Page Three)

Here's an Extra Expense you can actually Insure!

Suppose a fire—or similar misfortune—forced you to move out of your house or apartment. What then?

Immediately you would be faced with all sorts of expense. First, you'd have to find a temporary home. The way things are today, that alone might call for a rent twice as large as your budget could stand. You might even have to move to a hotel, in which case your living costs for meals, rent, laundry, etc. probably would triple.

Then there would be other expenses, such as moving or storing your furniture. Transportation to your office and sending your children to school might cost more too.

The answer is "Extra Expense Insurance." Even if you don't have to move as a result of the damage, this new policy will pay all additional living expense necessary to continue normal conduct of your household while repairs are being made!

The cost for the average home is less than \$10.00 for three years. Can you afford not to carry this protection?

Brig. Gen. Collier Again Decorated

Brig. Gen. William A. Collier, chief of staff, 8th Service Command, has returned to the Dallas headquarters from France where he was honored by the city of Metz and the Duchy of Luxembourg at ceremonies marking the first anniversary of the liberation of those areas from the Germans.

Lt. Gen. Collier is the husband of Gladys A. Collier of 18 Wellington st.

He accompanied Lt. Gen. Walton H. Walker, Commanding General of the Eighth Service Command and former commander of the XX Corps, whom he served as chief of staff during the training period in this country and in combat from Normandy to Austria. It was the XX Corps that liberated Metz in November, 1944.

Also honored in the impressive ceremonies at Metz Nov. 25 were the late Gen. George S. Patton, Jr., former commander of the Third Army of which the XX Corps was a part, and Maj. David W. Allard, Gen. Walker's aide-de-camp.

Decorated by Prince Gen. Collier received from Prince Felix, whom he had come to know during the campaign last year, the Luxembourg Grand Ducal Order of the Oak Leaf of the Crown Officer Class and the Luxembourg Croix de Guerre. The French again decorated him with the Croix de Guerre with bronze star, presented him with the Medal of Metz, and promoted him an honorary sergeant of the Demi Brigade of Chasseurs Alpins.

Gen. Collier already held the French Legion of Honor, the Croix de Guerre with Palm, and the Fourragere. Russia decorated him with the Orders of the Fatherland, 1st Class and 2d Class, after the XX Corps met the Russian army on the Enns river in Austria, last May.

Following his visit to France Gen. Collier went to London, England where Great Britain awarded him the Distinguished Service Order. His American decorations include the Legion of Merit, Silver Star for gallantry in action and the Bronze Star with two oak leaf clusters.

Recently, Gen. Collier and his son, Capt. William H. Collier, USA, who has been stationed in Austria, spent a week together in France.

CHURCH LEADERS ASSISTING IN APPEAL FOR NURSE'S AIDES

Church leaders of all denominations this week joined with Red Cross officials and directors of 30 Greater Boston civilian hospitals in an urgent appeal to women with leisure daytime hours to volunteer their services during the present critical shortage of hospital workers.

The lack of sufficient nurses and other professional and non-professional hospital personnel has reached an acute stage, medical officials warned, and unless additional Red Cross Nurse's Aides, Gray Ladies and Dietitian's Aides are recruited immediately hospitals will have to further curtail essential services to the community.

The need for trained volunteers to serve daytimes — a hospital's busiest period — was particularly stressed as they asked those who can give time during the emergency to enroll at the Boston Metropolitan Chapter, 17 Gloucester street, Boston.

A special plea will be made to Catholic, Protestant and Jewish congregations in the Greater Boston area from pulpits and in church bulletins during the coming week-end.

Hospital leaders pointed out that despite the fact that every available hospital bed is filled and hundreds are waiting for admission, many major medical institutions have had to close beds, wards and even entire floors because they cannot secure enough doctors, nurses and other workers to care for a full capacity of patients.

In many cases the situation is worse now than during the war years, they declared, for hundreds of former volunteers have left their jobs since V-J Day although only a relatively few nurses and others have returned from military service. And until the needs of military hospitals are met, civilian hospitals can expect little or no relief.

Volunteers may enroll in any of the three types of Red Cross hospital service — Nurse's Aide for those who like to do actual physical nursing for patients, Gray Ladies for women who will give service in the many non-nursing tasks necessary to the efficient operation of a large hospital, and Dietitian's Aide.

Wilton Agency Wins Citation

The Henry G. Wilton Agency was cited today as one of the outstanding producers of Lumbermen's Mutual Casualty company by James S. Kemper, chairman, as he announced the 1945 membership list of the Live Members Club, an honorary organization of leading company representatives throughout the country. He was given a similar citation last year.

"The fine record of the Wilton Agency in serving the protection needs of Arlington and vicinity, deserves recognition," Mr. Kemper said. "The agency has achieved high standards in selection of policyholders, in production, in loyalty to the company and in integrity and service."

Term of membership in the club is one year. The record of each member is carefully reviewed before he is re-elected the following year.

"This recognition of my agency by Lumbermen's is most gratifying to me," Mr. Wilton said. "Our aim

always has been to maintain high standards in the operation of our business and to give outstanding service and protection to our clients."

Mr. Wilton described Lumbermen's contribution to the public welfare in providing broader forms of protection and in safety education and accident prevention, particularly Lumbermen's present campaign against the alarming increase in injuries and deaths resulting from traffic accidents. That accidents are preventable always has been Lumbermen's message and, as part of its safety program, the company provides safety educational material for every age group, publishes advertisements on the safety theme and promotes safety through fellowships for the training of municipal police officers.

Miss Stallard Engaged

Mr. and Mrs. William C. Stallard of Park ave., announced the engagement of their daughter, Phyllis Louise to Warren C. Donnell of Portsmouth, N. H., at a tea during the Christmas holidays.

Pourers at the attractively decorated table included Miss Phyllis Donnell of Portsmouth, Mrs. Philip Healey of Cambridge and Miss Marilyn Peirce of Arlington.

Miss Stallard attended the Fisher School and is employed at the John Hancock Insurance Company. Mr. Donnell attended Northeastern College and was recently discharged from the Army Air Forces after 22 months in Europe.

THE LAST DAY

FOR MEN NOW IN THE ARMY TO RETAIN THEIR PRESENT GRADES BY REENLISTING...

Men now in the Army who reenlist before February 1 will be reenlisted in their present grade. Men honorably discharged can reenlist within 20 days after discharge in the grade they held at the time of discharge, provided they reenlist before February 1, 1946.

There's a long list of attractive reenlistment privileges in the new Armed Forces Voluntary Reenlistment Act of 1945. The ability to keep your present grade is only one of them, but this privilege expires on January 31.

There are plenty of other reasons why many thousands of men have enlisted, and more thousands are enlisting every day. You'll certainly want to know all of the opportunities open to you. If you'll read them carefully, you'll know why a job in the new peacetime Regular Army is being regarded today as "The Best Job in the World."

HIGHLIGHTS OF THE NEW ENLISTMENT PROGRAM

- Enlistments for 1½, 2 or 3 years.
- 1-year enlistments permitted for men now in Army with 6 months' service.
- Enlistment age from 17 to 34 years inclusive, except for men now in Army, who may reenlist at any age.
- Men reenlisting retain present grades, if they reenlist within 20 days after discharge and before February 1, 1946.
- The best pay scale, medical care, food, quarters and clothing in Army history.
- An increase in the reenlistment bonus to \$50 for each year of active service since such bonus was last paid, or since last entry into service.
- Up to 90 days' paid furlough, depending on length of service, with furlough travel paid to home and return, for men now in Army who enlist.
- A 30-day furlough every year at full pay.
- Mustering-out pay (based upon length of service) to all men who are discharged to reenlist.
- Option to retire at half pay for life after 20 years' service—increasing to three-quarters pay after 30 years' service. All previous active federal military service counts toward retirement.
- Benefits under the GI Bill of Rights.
- Family allowances for the term of enlistment for dependents of men who enlist before July 1, 1946.
- Opportunity to learn one or more of 200 skills and trades.
- Choice of branch of service and overseas theater in the Air, Ground or Service Forces on 3-year enlistments.

Town Meeting

(Continued from Page One)

Committee informed the meeting that this was sought by the Board of Public Works. Loren W. Marsh, chairman of the latter board, then explained that in recent storms, Town plows have been forced to go around with great difficulty, a number of vehicles. The result was that it became necessary for plows to go over certain streets three or four times. "We have chronic offenders," he added, "who leave their cars in front of their own homes and make no effort to get them off the streets in cases of snowstorms. We have no desire to tow cars to public garages. In many cases, our objective may be reached by moving the cars as little as five or 10 feet away."

Without the permission of the Town Meeting, autos cannot be touched, he added.

Rev. Richard T. Broeg, a town meeting member, strongly endorsed the Board of Public Works' request, adding that in the last storm he had to shovel to get his car into the garage while others did not bother and merely left their autos in the street with the result that his street could not be plowed properly.

Another town meeting member pointed out that residents on unaccepted streets would be hardest hit by the ruling, and suggested that until such time as all streets of the town are accepted, this by-law should not go through.

Mr. Marsh, in reply, expressed the opinion that the by-law amendment applies to public ways only. (Section 12-A, which was accepted, reads in part, "in any way of the Town.")

Felix V. Cutler questioned the cost of towing cars to a public garage and warned that it will cause ill feeling.

"Plan Not Workable"

G. Bertram Washburn pointed out that there are only three large public garages in the Town and asked the meeting, "Where are you going to put these cars if they are towed away?" He expressed doubt that the law would be workable.

Edward T. Ryan next ridiculed the proposed amendment and took the opportunity to criticize some of the methods and equipment used in removing snow.

James R. Smith, another member of the Board of Public Works, told the meeting, "Our board is attempting to do as good a job as possible with what it has to do with. I personally observed conditions from Saturday afternoon until Sunday night when I was on the job while Arlington was being plowed out. We're not attempting to put through a law that would harm anyone." He then pointed out that town officials had been defied deliberately by some persons who left their cars out in the streets.

Lawrence Corcoran asked whether offenders would be given an opportunity to remove their

own cars. Mr. Marsh again stated that "what we want especially is to be able to move cars at the most 50 feet away in many cases." Right at the moment, he added, plows could not go through Norfolk road, for instance, because of cars parked on that street.

George A. Harris insisted that the power given one or two individuals would be broad, especially as worded "remove cars to some convenient place." Mr. Marsh repeated that all the Board wanted was to remove cars only as far as necessary for plows to get by.

What Was Voted

The By-law amendment was then passed by more than the required two-third majority, the vote being 119 in favor and 21 opposed. The amendment, as adopted, reads:

"Section 12A. No person shall place or cause to be placed any vehicle which shall interfere with the removing or plowing of snow, or the removing of ice, in any way of the Town, and the Superintendent of Streets or other officer in charge of ways for the time being, for the purpose of removing or plowing snow, or removing ice, from any way, is hereby authorized and empowered to remove, or cause to be removed, to some convenient place, including in such term a public garage, any vehicle interfering with such work, and the owner of such vehicle shall be liable for the cost of such removal, and the storage charges, if any, resulting therefrom."

\$15,000 For Snow Removal

The special meeting appropriated \$15,000 for the removal of snow from free cash now in the treasury.

Mr. Washburn took the opportunity to comment on the condition of sidewalks which have been snowbound during the three heavy storms thus far this winter. He brought out that "a good job has been done on the streets," but added that unfortunately, the Town's sidewalks had been sadly neglected. He recalled that the Board of Public Works had advertised that sidewalks could not be plowed again this year, and that Arlington was sadly lacking in good neighbor policy in not clearing sidewalks of snow. However, he said, there is a statute which requires that sidewalks in front of business property be cleared within two hours after a storm.

He said, he found many business places where sidewalks were not cleared after the recent storms. He told the meeting he had checked at the Selectmen's office and had found the statute requiring that snow be cleared from in front of stores, gas stations, etc., was still in effect.

He charged that after the second storm, he found town employees removing snow from in front of private property and expressed hope that too much money did not

go towards this purpose.

"At this very minute," he added, "there are 31 business places between Quincy st., and the Town Hall where snow has not been removed. If we have a by-law why is it not enforced? Teeth should be put into this law; something should be done about it. It's our business if some of this money was used to remove snow from in front of business places. If the law cannot be enforced, then remove it from the books."

W. Dale Barker also read a letter from the Arlington Parent-Teachers Council calling attention to the hazardous conditions due to unplowed sidewalks and expressed hope that something would be done soon, to protect school children, especially.

The meeting accepted the provisions of a General Law which provides sick leave for laborers, workmen and mechanics regularly employed by the Town.

The Selectmen were authorized to sell the Town-owned vacant lot of land on Medford st. next to St. Agnes Church by a vote of 143 to one.

Rev. Mr. Broeg, in opening the discussion on this article, suggested that the Town hold the land for a parking lot to be combined with the land on which the Russell School now stands in the event that the school building is razed in the future.

Brewster Ames asked whether the Selectmen had any specific purchaser in mind. Selectman Roscoe O. Elliott replied that St. Agnes' parish is one of several prospective purchasers with the intention of building a new parish house on the lot in the event that it changes hands.

The sale of another small parcel of land on Summer at Brattle st., was also authorized.

To Study Voting Machines

Over-riding the Finance Committee's recommendation, the meeting supported Selectman Elliott's substitute motion authorizing the Moderator to appoint a committee of five, including the Town Clerk, to investigate, consider and make recommendations as to the advisability of installing voting machines in any of all of the precincts of the Town. The committee must report not later than the annual meeting in 1947.

A bequest of \$2,000 left by the late Maria L. Hill for the benefit of the Poor Widows' Fund, was accepted by unanimous vote.

Vet Makes Appeal

At the close of the meeting, Myles McNally of the V.F.W., a World War II veteran addressed the meeting at the invitation of Moderator Ernest W. Davis. McNally advanced a proposition whereby the Town would set up a fund of \$500,000 to build 100 homes for returned veterans. He showed that under the GI Bill of Rights, veterans are entitled to \$4,000 to apply towards a

home, and that this would mean the almost immediate return to the Town of all but \$100,000 of the fund originally set up. The balance would also be paid back, with interest.

He stressed the urgent need for homes for veterans and urged the appointment of a special committee to study the matter.

THE UNO IN MIDDLESEX COUNTY?

Selection of a suitable site for the permanent seat of the United Nations Organization is of more than passing interest to Arlington since suitable sites, nearby, all of them easily accessible to the university city of Cambridge and to Boston, are available.

Unfortunately, the UNO site committee is reported to be favoring Hyde Park, N. Y., as the ideal location. As the Boston Herald pointed out this week, "We want the UNO to have the most nearly perfect location possible." We believe every fair-minded American will agree to this sentiment.

However, Hyde Park has definite shortcomings. The Herald adds: "Hyde Park is 80 miles from New York city. This is close enough to that a UNO site there would be caught in the orbit of the country's greatest metropolis. If New York is a distillation of urban America, then the UNO should avoid its influence much as it wisely decided to evade Washington."

"Yet 80 miles is too far to make New York's theaters, concerts, schools, museums and lecture halls comfortably available. The members of the permanent staffs and the delegates will want something more than scenery for themselves and their families. Indeed some of the delegates at the London preparatory conference privately expressed the hope that the chosen site would not be too bucolic."

"Sentiment is dangerously compelling. A group of the fine buildings and all the collaborative endeavors of the UNO would be a worthy monument to Franklin D. Roosevelt. But the UNO is far more than a memorial, much greater than any one man or nation. It will eventually embrace countries like Finland, which will remember the war President with mixed emotions. It has already tied itself closely to the United States; it does not seem appropriate that it should also link itself with an American chief of state."

Whether or not it has been mentioned, we cannot recall, but it seems that the Bedford airport, which can accommodate trans-Atlantic airliners, would be a definite asset to the UNO if it located in nearby Bedford or Lexington. Millions have been spent to develop this airport. Now that the war is over, it would be regrettable if the airport's facilities were abandoned.

The Cambridge-Concord turnpike, which will be extended undoubtedly to the Bedford field, furthermore, would provide fast transportation between the UNO city and Cambridge and Boston.

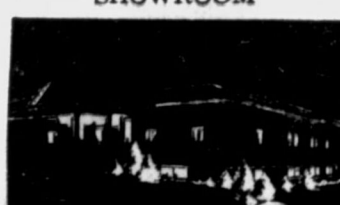

It is hardly necessary to recall Middlesex' background in the struggle for Liberty, in advancing its bid as the site of a worldwide organization dedicated to freedom and justice for all peoples.

THE NEW TOWN BY-LAW

The new Town By-law affecting the removal of automobiles if they obstruct town snow plows, as adopted at the special Town Meeting Wednesday night, gives town officials sweeping authority. If properly interpreted it may prove beneficial to the greatest majority.

The intention of the Public Works Department as explained by Loren W. Marsh, chairman of the Board, is commendable. However, those who carry out the ruling will be expected to use keen judgment. Certainly, every effort should be made to give motorists ample warning and opportunity to remove their own cars. And, if autos must be moved, it is hoped that no unnecessary expense will be saddled upon the owners.

THE GOLDEN RULE

In an excellent editorial in a New York paper recently, there was one sentence which greatly impressed me. "The only rule that works both ways is the Golden Rule."

The Golden Rule is the one that if sincerely followed could bring peace to all the world. Nation would no longer war against nation, nor people against people, class against class, race against race, creed against creed.

The Golden Rule is the solution to all of the problems that beset our world today—and it begins with the individual. It does not require wealth to apply it. It needs but a sincere belief in justice and fair play and an honest desire to put into practice the second great commandment: "Thou shalt love thy neighbor as thyself."

The Golden Rule is a personal rule of life. It does not demand great sacrifices. It does not demand great deeds of courage. It demands only that each man do unto his neighbor as he would be done by.

Under the Golden Rule, there are no master races or "Herrenvolk." The rich cannot say "My interests are vested in me." The poor cannot cry "My needs should come first." The employer cannot put his profits first, nor the worker his wages. Nor can any group, by virtue of class or color or creed, claim special privilege.

Under the Golden Rule there is no discrimination and all men not only have rights but responsibilities. Rights are but the rewards of duties well done—and the full duty of man, which is the distinguishing mark has lifted him above the beasts of the field, is that he assumes responsibilities for the rights of his neighbor.

The Golden Rule is the law of brotherhood. It is the law of kindness and of friendliness. It is the law which can be followed by the humblest as well as by those in highest authority. The Golden Rule is the law of love—of that love which is the fulfilling of the law.

"Therefore all things whatsoever ye would that men should do to you, do ye even so to them: for this is the law and the prophets."

—RUTH TAYLOR.

The NEWS OBSERVES

In a New Year's Message issued this week, Governor Tobin said, "The world looks forward to a New Year unclouded by the fearful shadows of a devastating conflict. He added, "It is my earnest wish that in this New Year of 1946, the people of Massachusetts and all the rest of mankind may find peace, prosperity and happiness, and that the nations of the earth may be confirmed in their resolution to build enduring concord upon the eternal principles of justice and charity."

The "Koford Gang"—12 men who lunch regularly at Koford's Restaurant, helped Arthur J. Mansfield, publisher of the NEWS, celebrate his birthday yesterday at an informal, surprise party. Miss Alice Koford as hostess made arrangements for the birthday luncheon and presented the guest of honor with a large birthday cake. Despite a lot of good-natured kidding, the publisher kept his age a secret from the gathering.

Last available reports show that Arlingtonians purchased \$1,374,000 in Victory Bonds during the drive which closed Monday night. Of this amount, \$216,000 represented "E" Bonds. The final report will be made by the State committee today and will appear in next week's NEWS.

Eric H. Hansen, president of the Massachusetts Society for the Prevention of Cruelty to Animals, this week appealed to bird-lovers everywhere to help their feathered friends survive the extreme cold weather by putting out food for them. During the bitter cold days, particularly when the ground is covered with snow and ice, it is highly desirable that grain, bread crumbs, corn meal, etc., be spread where birds can reach them, thus eliminating the possibility of suffering which might result through lack of their natural diet.

"The most satisfactory method of putting out food," stated the Society head, "is to place it on a large board with a molding around the edge. In this way it is not scattered or lost. We cannot urge too strongly," concluded Mr. Hansen, "that everyone remember the birds, so that when spring arrives, these attractive creatures will be with us once again with their beauty and song."

Mrs. Alfred Yood, chairman of the Arlington Christmas Seal Sale Committee wishes to thank residents of this community who bought and used Seals this year. Although the official campaign closed Dec. 25, contributions are still coming in and those received during the next few weeks will be added to the 1945 fund. This fund is made up of many donations from a large cross-section of the community. The amount received will be announced as soon as possible.

ALL MEN WELCOME

OUR passing from this earth is inevitable. That's why truly intelligent, realistic men and women make their own final plans just as matter of fact as they take out insurance and leave wills.
We'll talk things over with you frankly and pleasantly, while we help you arrange for everything to be taken care of according to your wishes...

Boy Scout Notes

Advancement is one of the keynote themes of Scouting in Arlington during the coming year.

In cooperation with this program the Robbins Library has a number of books and pamphlets designed to be of help to Scouts in attaining higher ranks. These include a full set of merit badge pamphlets, many books on camping, woodcraft and handicraft, of which it is hoped maximum use will be made.

Organization and extension is another activity which will be highlighted in Arlington during the coming year, with the purpose of bringing Scouting to as many Arlington boys as possible. Already Cub packs are in the process of organization in both St. Agnes' and St. James' Churches, and a new Explorer Post in Troop 6 under the sponsorship of the First Baptist Church, with Malcolm Griffin as sub-committee chairman, of the latter group.

Troop One Busy
The holiday activities of Troop One have been numerous starting with the very successful Christmas party. Movies on Winter sports were presented and refreshments were served. Santa visited the boys. A long camping trip which was intended to start Thursday and last over Sunday, was extended through Monday, with the cooperation of the parents of the boys. Because of the snowstorm, there were ample opportunities for the boys to use the newly-built ski trails.

Troop 8 Charter Night
Troop 8 recently held its Charter Night at its rooms in the Orthodox Congregational Church on Pleasant st. Awards for Star and Life rank were made by District Advancement Chairman Lawrence L. Mantyla, and moving pictures of "Winter Camping" and "Troop Camping" were shown. The Troop is starting its 24th year, and records show that more than 800 boys have received the benefit of Scouting through affiliation with this unit since its organization.

We're Glad to Help

As publicity chairman for the Arlington Visiting Nursing Association and the Arlington Camp Fire Girls, may I express my deep appreciation to the Arlington News staff for the splendid courtesy and cooperation extended to these organizations during the past year. Best wishes for your happiness and prosperity in 1946.

Mrs. Marcus J. Gray.

Arlington Post 1775, Veterans of Foreign Wars will sponsor a public dance in Robbins Town Hall tomorrow evening. All are invited. Arrangements are in charge of Commander Clarence H. Marsh.

HAPPY NEW YEAR — and may 1946 bring you peaceful happiness as we all get back into the groove of every day civilian peacetime pursuits.

Here at Bayburn, we are planning better and more service during the coming year. Although we feature the 20% savings by customers' trading at our Drive in Stations, we are increasing our delivery service with returning GI's becoming "delivery agents." Another returned Marine, starts out this month and if the man who comes to your house is unusually tall, dark, and handsome, — it's probably the new agent.

"Even dress is apt to inflame a man's opinion of himself." ... Homer

JUST KIDDING OURSELVES!

Suppose everybody got a 30 per cent raise!

Prices on everything might be in danger of going 30 per cent higher, and we would all be right back where we started. The raises would not mean a darn thing.

What we really need is for everybody to produce, say 30 per cent more and to keep prices about the same.

Then our present incomes would buy 30 per cent more than now, and it would amount to a 30 per cent raise that would really mean something to everybody.

We just learned the other day, that the Arlington Fire Department does not have a mutual benefit association as does the Police Department. There's always that uncertainty, when a fire alarm comes in, whether it's a trivial affair or an inferno where someone is going to get hurt.

We suggest that some of Arlington's civic minded go-getters help organize and get such an association rolling.

SOME RETURNING VETERANS are not too sure that there is available sufficient local employment to let them work in Arlington. If YOU know of any local job suited to a returning veteran, give the details to Mr. Armour, the Veteran's Counsel, by phoning him at his office in the Robbins House—Arlington 6694. Competent men are seeking jobs and they appreciate Arlington jobs being reported to the Advisory Center.

HERE'S A SOBERING THOUGHT:—Man makes an Atomic Bomb. Yes, but he can't make an apple.

A conversation between women always concerns who, why, when, and wear.... so we suggest that folks wear CLEAN clothes and notice that we celebrate our 30th birthday year with an "any-three-dress" cleaning sale which lasts till March 2, 1946. Again—Happy New Year!

Yours for cleaner living since 1916—

Betty

Selectmen Endorse
Clothing Collection

The Board of Selectmen in a proclamation issued this week, endorsed the Victory Clothing Collection drive which will open next Monday.

Meanwhile, a meeting of representatives of Arlington service clubs was called by Henry E. Keenan, general chairman of the Arlington collection in Arlington, Wednesday afternoon, and plans for the collection were discussed at length.

All Arlington organizations, veteran, church, civic, etc., are urged to send representatives to the general meeting scheduled for next Monday evening at 7:30 in the Robbins library hall.

Harold Clare of the Arlington Rotary Club, has been appointed publicity chairman of the drive in Arlington.

Postoffices and theatres have already agreed to serve as collection depots and those wishing to dispose of clothing for war sufferers immediately, may make their donations to these collection centers. More than a score of collection depots will again be designated for the 1946 drive.

The Selectmen's proclamation follows:

PROCLAMATION
WHEREAS, millions of self-respecting people in the war-devastated lands of Europe, China and the Philippines, struggling for survival against hunger and disease and cold, are in dire need of clothing, shoes and bedding, and are subject to death from exposure, and

WHEREAS, the 25,000,000 of these destitute people who benefited through the first United National Clothing Collection are only a fraction of those in need, and

WHEREAS, the meeting of this urgent need overseas will serve not only to relieve suffering humanity, but will aid liberated peoples to revive their economic life and enable their rehabilitated countries to contribute a full share towards the creation of a lasting peace, and

WHEREAS, the President of the United States has said that the need is imperative and justifies a second appeal to the American people, and

WHEREAS, the Victory Clothing Collection is an effort to meet the great emergency.
